## TRENCHING & EXCAVATION HAZARDS IN CONSTRUCTION

**AGC New Mexico**  
A NATIONAL AWARD WINNING CHAPTER  
Building New Mexico Projects & Careers

**FREE TO ALL ATTENDEES**

### Program Description:

According to the Bureau of Labor Statistics (BLS), from 2015 to 2018, the Census of Fatal Occupational Injuries (CFOI) reported 103 total trenching and excavation-related deaths, an average of 25 per year over this 4-year period. Also, the OSHA Information System (OIS) Accident Investigation Report shows that between FY 2013 – FY 2017, there were a total of 156 incidents reported in the construction industry. Moreover, between October 2018 and September 2019, there were 1,499 citations and more than \$7,000,000 in penalties issued to construction employers for failing to meet their compliance obligations under Subpart P.
